Am Selke was once again conducted and a candidate was selected after calling fresh applications. The center was found to have a majority population of Muslims and accordingly a suitable candidate was selected. It is also clear that the present petitioner also applied for the said post during selection in 2009 and was not selected as she was not of the majority population.

Presently, the post of Selke is vacant due to resignation of Selke Naaj. Thus a poignant situation arises. Let the CDO, Nautan fill the vacancy of center No. 176 of Nautan as per the rules and directions existing during the first Am Selke of 2007 in order to comply with the directions of Hon'ble High Court in CWJC 12332/2007 on 17.9.2009 within a period of one month and report compliance.
